IARU-R1 Conference Landshut (DL) 17 - 22 September 2017

In less than a year we will have our Conference. I like to invite you to think about possible papers, motions that we can discuss during this conference. All member societies can enter a paper.

Papers must be submitted by 16 April 2017 by e-mail to the Conference Secretary at secretary@iaru-r1.org.

Please send me a copy of it, for the C5 matters.

New VHF managers handbook

During our interim meeting in Vienna there were 2 recommendations to rewrite the handbook (VIE16_C5_02 and VIE16_C5_25).

The idea is to split the handbook mainly in 2 sections:

- One section which is for public interest, such as band planning, contest rules, ...
- The other section will be for VHF managers or VHF Committees with procedures, technical data, ... and an historical part.

I will try to have a draft ready begin 2017. This draft will be put on the Wiki for further discussion. If you have some ideas about this, do not hesitate to contact me.

In the meanwhile the version 7.51 of the VHF managers Handbook stays the reference.

Mailing list VHF managers and liaison officers

This recommendation (VIE16_C5_24) will be made operational begin 2017. To start this list for the VHF managers the list in the VHF handbook will be used. Please check if the contact for your country is correct (and complete). Send a mail to ON4AVJ@uba.be for any change

Use of the IARU R1 C5 Wiki

There is already some discussion going on, on our Wiki. Especially about Contests and digital modes. This Wiki is a good way to prepare papers for our upcoming conference. If you want to start a new discussion about a topic who not yet in the list, you can contact me.

If you are an official Member Society representative, but have no login and you want to participate to the discussions on the Wiki, please write a mail to ON4AVJ@uba.be.
